Have
opportunities

We want Coventry to be the best city in the UK for all our children, young people, and their families, to live and grow up in. We want children to be valued, feel safe, be healthy and have opportunities. We aim to connect people together to provide the right help at the right time with the right people so that all children and families can thrive.

Early Help services can make a real difference to a child's life by providing opportunities to give every child the best start in life, and enabling all children, young people, and parents to have control of their lives and achieve. We work together with a range of agencies that are there to support you and your children with the things that life throws at you. You can speak to any member of staff in our school if you need a bit of advice for yourself or anyone in your household.
